

## 7500 ATHLETIC TRAINER

**BRI-AT7500-D**

### ADJUSTABLE CONSOLE WITH LARGE DISPLAY

The bright adjustable display provides real-time training data and changes back-lit colors as heart-rate changes

### HIIT TRAINING WITH SLED BAR

Ideal for multi-athlete and circuit training, featuring an integrated Sled Bar

### DUAL TRAINING SYSTEM

Dual resistance shifters control weighted and magnetic flywheels

### FIXED INCLINE

Incline is fixed at 7 or 11 degrees for intense uphill workouts

Train like a professional athlete with our new self-powered trainer. Designed for walking, running or high intensity workouts. The 7500 Athletic Trainer delivers unparalleled speed, agility and sled training for novice users as well as serious athletes.
