SIX MACHINES in one!

S SPORT *SERIES*™
By Brigadoon Fitness™

7500 VARIABLE MOTION TRAINER

BRI-VMT7500-S

One single machine does it all in a space-saving design. Six leg movements from stepper, climber, bike, elliptical, runner to air walker. Self-powered adjusts from 11 to 36 inches in stride.

Variable freedom of movement, ease of use, with various resistance and speeds to choose from. Control, target and challenge a variety of muscle groups.

Large, bright and easy to read display

Multi-position hand rails with convenient controls

Oversized footplates with low step-on height

technical specs

Product Weight: 331 lbs.	Width: 38"	Length: 55"	Height: 70"
<p>Power: Self-powered Drive System: Two-stage drive with Poly-V belt Stride: 11" - 36" Transmission Ratio: 1: 15.1 Resistance System: Self-powered generator brake Resistance Range: 20 levels – 300 watts/60 RPMs Flywheel: 22 lbs. User Weight: 400 lbs. Open iDecide patented technology: 6 variable movements Pedal Spacing: 3.2" narrow pedal spacing for a more natural pedaling motion Bearings: Durable commercial bearings for smooth motion Rear Access - Rear Stabilizer: Designed for easy step-on without slipping Foot Pedals: Comfortable over-sized solid foot pedals with rear access Heart-Rate Receiver: Contact & telemetric heart-rate sensors</p>		<p>Feet: Adjustable floor levelers on front & rear Transport Wheels: Front stabilizer, providing easy movement Console Features: Adjustable console angle, integrated reading rack, power saving system & intelligent wireless receiver Display Feedback: Time, distance, RPM, speed, calories, pulse & watts Programs: 12, including mountain, random, interval, target heart rate, valley, rolling & 4 custom user programs Warranty: 10 years frame, 3 years parts, 2 years wearable items & 1 year labor* <i>*Smart warranty extends to 6 years on parts if used in a light commercial setting</i></p>
