

CARDIO EQUIPMENT

PRO GROUP CYCLE

BOC-SPT

- The SPT is built and warranted for club use, but also meant for the discriminating cyclist
- Designed by the world-renowned designer Thomas Hawk
- Beautiful, and flawless construction
- Handlebar features multiple position hand grips including racing handles
- Design incorporates guards that ward off sweat from flywheel
- Patented friction-brake resistance for extra-smooth performance, and including a micro-adjust safety knob with emergency stop
- Fully adjustable super comfortable saddle
- Saddle and handlebars are infinitely adjustable fore/aft and vertically for a perfect fit
- Belt drive for smooth, maintenance-free performance

Overall Weight	Width	Length
145 lbs.	24"	43"
