

ONBOARD COMPUTER WITH WATTS METER

The bright, self-powered display tracks real time data, including watts, and changes color with resistance levels

EASY ADJUSTMENTS

Four-way adjustments (saddle height, saddle fore/aft, handlebar height, handlebar fore/aft) ensure a comfortable fit for all riders

ADJUSTABLE SPD PEDALS

Dual-sided SPD pedals with toe cages and sealed bearings allow riders to wear cycling or athletic shoes

POLY V BELT DRIVETRAIN

The belt drivetrain with dual magnetic brake resistance and heavy duty steel frame are virtually maintenance-free and deliver a smooth, quiet and comfortable ride

5 color-coded resistance levels

technical specs

Product Weight: 132 lbs.

Width: 22"

Length: 56"

Height: 47"

Frame: Heavy duty v-shaped steel frame

Flywheel: 31 lbs. Rear-wheel perimeter weighted and precision balanced

Resistance: Dual magnetic with 32 level micro-adjust dial and safety stop

Drivetrain: Belt-driven Hutchinson 5PK ribbed Poly V

Lock System: V-lock with steel quick-release levers for infinite seat and handlebar adjustments

Handlebars: Race-inspired, multi-position with drop bar and dual bottle holders

Pedals: Dual-sided 9/16" SPD sealed bearing with toe cages and straps

Saddle: Adjustable, elastomer cushioned 10.5" x 6.75" high performance

Heart-Rate Monitoring: Telemetric, works with a variety of heart rate monitors

Console: Self-powered LCD tracks watts, level, speed, calories, distance, time, RPM and heart rate

Anti-Rust: Zinc-dipped anti-corrosion rust protection

User Weight: 300 lbs.

Warranty: 3 years parts
