

RECUMBENT CYCLE

FEATURES & BENEFITS

Workouts Powered By Google Maps™ › Run anywhere around the world! Using advanced technology, your speed and incline are automatically adjusted based on actual Google Maps™ data. Put yourself on the map and visualize your workout anywhere!

Integrated WiFi Technology › Integrated wireless technology is the ultimate workout experience! Users can customize their own fitness program, receive automatic workout downloads and manage their profile online. Your workout profile travels with you!

10" High-Definition Full-Color Touch Screen › Navigate through workout stats and options with the swipe of a finger. Quickly view speed, time, distance, calories burned, pulse and incline on the large, easy-to-read display.

Integrated Web Browser Powered By Android OS › Fully featured web browser allows access to the internet, email, and online video.

iPod® Connectivity › Users can charge their iPod® or cd player directly from the console and rest their device on the included console shelf.

Step-through Design: Sleek design with low frame profile allows for easy entry/exit of the machine.

Personal TV Screen (Optional) › The optional 10" LCD TV screen integrates beautifully with the console, providing entertainment during a workout.

powered by **Google™ maps**
